To whom it may concern,

Manser Trucking has worked for GFS supporting our Edmonton Distribution Team for approximately 18 years. During this period they have provided consistent on time delivery performance and cover some of our most demanding inbound freight lanes.

Manser performs their duties with a high degree of proficiency and accuracy. They have a positive attitude and contribute to a strong team environment. They develop outstanding working relationships through collaboration with Vendors, Shippers, and GFS team members. Their attention to detail and focus towards perfection enable them to be a high performance carrier.

As a happy customer and long term business partner, I'd like to say thank you for the consistent on-time delivery performance and the great customer service you provide. We appreciate everything you and the entire team at Manser Trucking do to ensure our Customers' are completely satisfied. The consistent weekly services you provide along with the outstanding delivery tracking capabilities really add value to our Purchasing and Warehouse teams.

Manser Trucking is an important link in our supply chain and you continue to be a big part of our ongoing success.

Thanks again for everything you do for GFS
